Mr. Jeske,

My name is Michael, I currently work in The OCE Print Shop Mailroom as Lendman/Clerk. I've been working for OCE since June of 2001.

I've worked in The OHP Call Center and The DMV Call Center. My most enjoyable job is the one I have now.

What I receive each day I go to work is the pure enjoyment of accomplishing something that may be beneficial, whether we send OHP applications to field offices, send shipments to Parks and Recreation. Each day has a meaning.

To me it's not about the PRAS/AWARD, but the satisfaction of being part of a team and together accomplish OUR common goal.

To be treated as human beings, not as a prison Id number. To be away from the prison element for the time I work each day is priceless.

I look forward to each and every day I come to work. WE DO provide A valuable service.

Respectfully,
Michael
