STANDARD PRODUCT OVERVIEW AND WARRANTY OF SALE

DEAR CUSTOMERS,

Our catalog covers a wide range of signs available for your agency. These signs are illustrated as closely as possible to the original you will receive. We use only high quality backing material and 3M sheeting that are made to withstand all conditions.

Since 1997, Oregon Corrections Enterprises Sign Shop has operated as a modern sign shop facility. We have manufactured thousands of signs, offering numerous savings to Oregon state agencies and government organizations throughout the Northwest.

Our crews are made up of highly skilled artists and signage professionals for your design layout and manufacturing needs. Control points are located at each stage of our production process to ensure you the highest quality sign available. We are committed to your total satisfaction.

All Federal Highway, Oregon Department of Transportation, Oregon State Parks and Recreation, and Oregon State Marine Board signs are constructed to meet their standard specifications.

We also manufacture custom signage to your exact requirements. If you have a special need for a custom sign, we will be happy to provide drawings with design options and detailed descriptions for your approval. Feel free to call and inquire about our custom signs.

Our signs are to be free of defects in workmanship. Seller shall not be liable to Buyer for incidental or consequential damages, including damages, direct or indirect, arising from the use of or inability to use its products.

Seller's sole obligation is limited to replacing or restoring the defective products or refunding to Buyer the amount paid therefore of Seller's products containing misspelled words (unless copy is provided by the customer and contains misspellings), delaminating of reflective sheeting, flaking, peeling of inks, improper mounting holes, or other defects.

Seller warrants only to its Buyer that products sold hereunder conform to the description on the face hereof, no other warranties expressed or implied, including warranties of merchantability and fitness for a particular purpose are made by Seller. The foregoing provisions do not apply in states where prohibited.

We look forward to providing you with your sign needs.

CONDITIONS & WARRANTY OF SALE

Monday – Friday, 7:30 AM – 3:30 PM (MST)

We guarantee Competitive Pricing and Quick Turn Around Time!

We take pride in our high quality products and the process through which we produce our signs. We use only the highest quality 3M™ films and sheeting of various sizes, colors, and types for specific, durable, and cost-effective applications. We hand lay-up colored films and sheeting using negative and/or positive weeding methods to achieve the quality our customers demand. Let our competent, skilled employees design your signs. We have a library of information pertaining to Federal, State, and Local regulations. You can be sure our signage groups will provide the highest quality and longest lasting signage for your dollar.

THE PROCESS OF CREATING A SIGN

- We use AutoCAD® (Computer Aided Drafting) to determine the best layout, graphics, text, and letter placement per your design specifications and local regulations.
- We fax a scaled drawing of each sign design (with options) for your approval.
- Our CAD program plots the text and graphics to cut films and sheeting.
- Cutting the substrate, we sand and seal the edges (HDO), then prepare the substrate to be covered completely with a layer of press rolled film such as Hi-Intensity.
- The text layer is weeded by hand using positive or negative weeding methods as per requirements. This layer is transfer-taped, positioned onto the sheet-covered substrate, and roll-pressed under high pressure to assure smoothness and positive contact in accordance with manufacturer's specifications.
- Our signs go through several quality check inspections throughout the entire process to ensure uniformity of our signs.
- Our signs are not finished until they have been closely inspected once again, approved, and packaged using a special 3M™ sheeting to protect from shipping damage.
- We ship UPS, commercial carrier, tracking your order as needed.

You have our Guarantee on every sign!

FILMS, OVERLAY AND COMMON USAGES

PROTECTIVE OVERLAY - Durable Transparent Film

- Used to cover and protect signs from vandalism.

SCOTCHCAL – Non-Reflective Film.

- Used on commercial and custom signage

ELECTRO CUT – A translucent colored film

- Used for application over High Intensity and Diamond Grade sheeting. Screen Printed signs are also available in Standard and Custom type

SUBSTRATE – Material that provides the structural integrity for a sign.

- Commonly referred to as “BLANK”.

¾” HDO (High Density Overlay) PLYWOOD

- Used for all types of outdoor and highway signs

Our HDO signs are radius cut and sanded smooth, then edge-sealed with an approved sealant for lasting protection.

- Routed, laminated, painted, and custom-design signs.
- Other custom woods are available

ALUMINUM BLANKS

- Common Thickness - .063 / .080 / .125
- Generally sign dimensions over 36” are .125”

EXTRUDED ALUMINUM PANELS

- Overhead and roadside State Highway, Parks, and Interstate signs

PLASTIC

- Wildlife, campground, ADA (engraved/braille)
- FOAM
- Used for lightweight custom and routed signs

HDU – High Density Urethane

MDU – Medium Density Urethane

LDU – Light Density Urethane

BANNERS

- Designed and custom-made to your specifications

ENGINEERING GRADE – Durable Enclosed Lens Reflective Sheeting

- Used for standard traffic and sign applications.

HIGH INTENSITY GRADE – Durable Encapsulated Lens Reflective Sheeting.

- Used on standard State and Federal Highway signs.
- Clearly visible at wide angles to approaching drivers.

DIAMOND GRADE – Durable Highly Reflective Micro prismatic Lens Sheeting.

- VIP – Highly visible in the range of 200 to 600 feet.
- Ideal for signs in locations with relatively short viewing distances.

ROADSIDE AND EXTRUDED PANEL SIGNS

- LDP – Highly visible with signs in excess of 600 feet.
- Used on overhead highway signs.

DIAMOND GRADE FLUORESCENT – Durable Highly Reflective Fluorescent Micro prismatic Lens Sheeting.

- Used where very high visibility is required.
- Construction and school zones.
- Day and night time applications, low visibility periods.
- Dawn, dusk, and overcast conditions Films, Overlay and Common Usages

CITY & COUNTY SIGNS

Point visitors to the attractions in your community

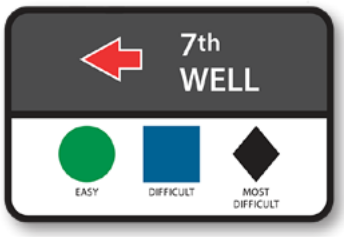
WELCOME TO OUR CITY

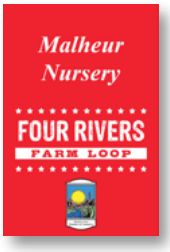
TELL THE STORY of your city or county and give direction to local sites and sounds with our attractive signage. From learning who the first local family was or the first places visiting families should go, we have signs for every street name, parking spot, guidemap, and turn signal.

CITY SIGNS

Made a lot of stops

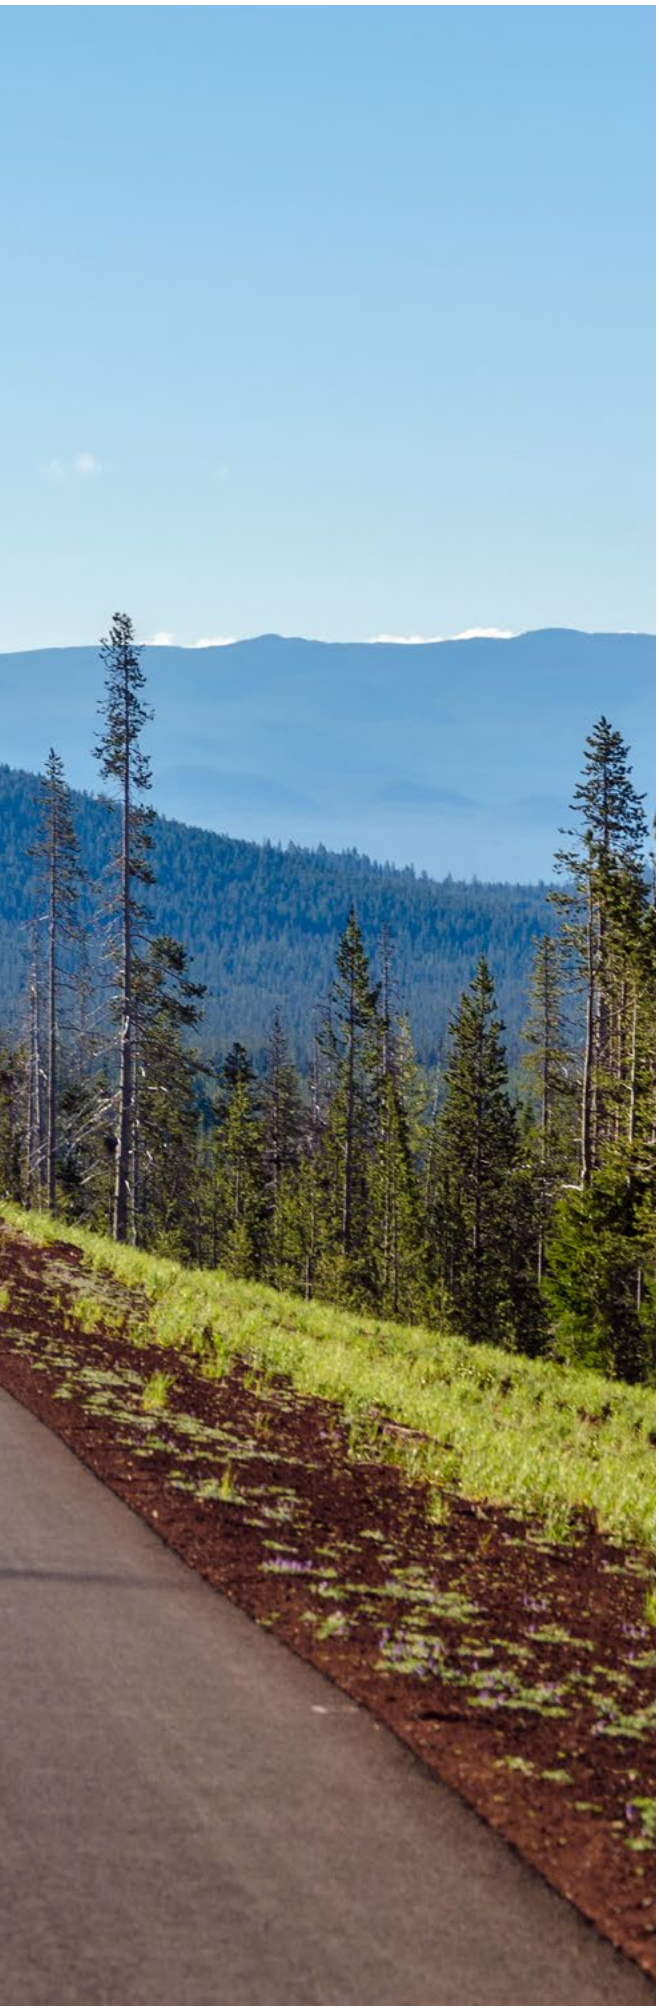
Create thematic colors and shapes or utilize standard specs to guide people through your towns. Take the guesswork out of guidance and do so with style.





Provide clarity amongst the confusion with OCE signage. We design to meet your needs.

Showcase how to travel, safely and efficiently



COUNTY SIGNS

Point out the way

From stops along the road to promoting safety in school and construction zones, we have signs to communicate essential information alond the path leading through your county.

INTERIOR SIGNS

Utilize icons, braille, and multi-lingual text to give important directions.

STYLISH INTERIOR SIGNAGE speaks volumes about your business. Create designs and color schemes that portray your branding, your message, and the desired ambiance of your building. Make a statement that matches your business' look and feel.

INTERIOR SIGNS

Take a step in the right direction

Quality interior signage is attractive, gives clear directions, and has prominent pertinent information. We have the skill and experience to design great interior signage for you.

Color and font options provide clear direction and the ability to create thematic signage systems.

INTERIOR RESTROOM SIGNS

Accessibility for all

From showers and changing tables to family-use and multi-stall setups, restroom options can vary as widely as their locations. Post restroom signs clearly so users know what is available inside and who can use them. Modern icons and braille are available.

Signage that adds to your décor while enhancing your inclusive environment.

GOVT AGENCY SIGNS

As a state agency ourselves, we have the latest standards for government agency signage.

CLARITY OF PURPOSE is essential to quality signage. Government signage is a specialty of ours, having decades of experience providing appropriately branded and standardized wayfinding and regulatory signs. From room numbers and parking spaces to room maps and walking paths, OCE signage shows your citizens the right way to go.

PARK SIGNS

Signs of the timeless

A beautifully crafted park sign can become iconic and cause generations to reminisce the great joys of life and experiences shared. From a memorable entry sign and trailhead markers to restricted parking and burning areas, OCE Sign Shop is the one stop you'll need to make on the path to great park signage.

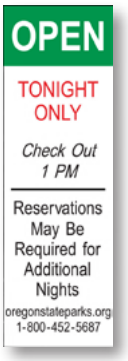
Our outdoor signage stands the test of time.

We archive your color and graphic standards for convenience and consistency.

DEPARTMENT OF FISH AND WILDLIFE SIGNS

A sign of respect

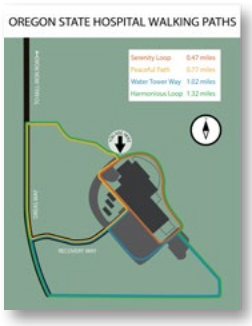
Allowing wildlife to thrive and mankind to enjoy the beauty of nature requires much information and guidance. OCE produces signs with maps, imagery, text, and countless color variations on multiple substrates to help you preserve not only the plants and animals but the ability for people to be among them.

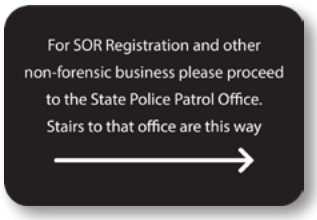


STATE AGENCY SIGNS

Official signs for official business

OCE understands the rules and regulations surrounding appropriate signage for government agencies. We keep an archive of standards, logos, and color schemes to ensure our products meet the requirements while providing an attractive presentation.





OCE can build signs on a variety of substrates.

OCE uses environmentally friendly materials in as many of our processes as possible.

FORESTRY SIGNS

Helping to protect and preserve

We have decades of experience creating signage that is easily visible without detracting from the beauty of our forests. We take great pride in being a part of the preservation of our forests and the habitat it creates for wildlife. We can create custom signs or generate a standardized a look and theme for your forestry signage.

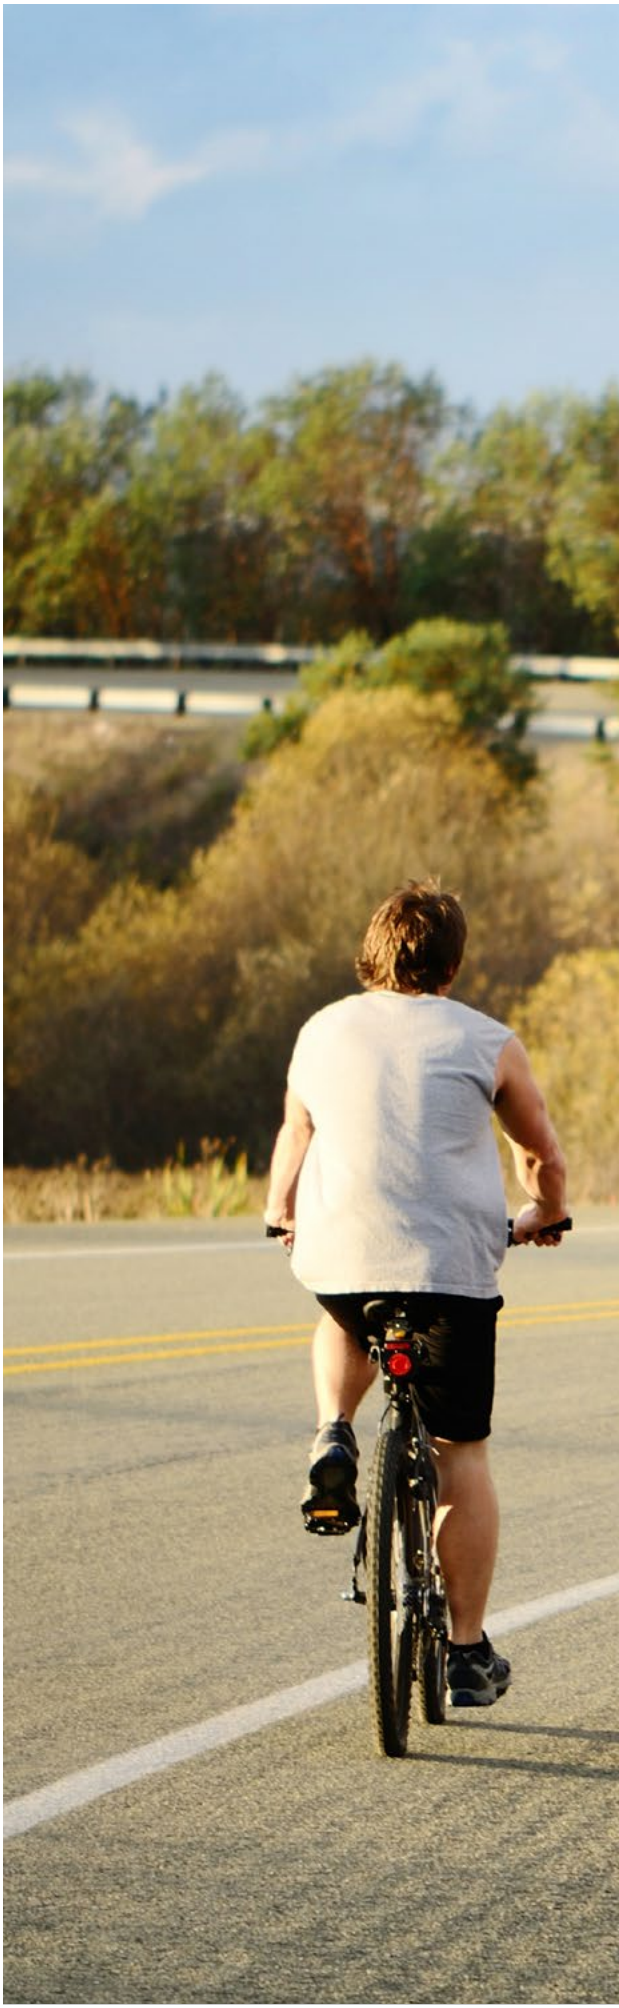
REGULATORY SIGNS

Our signs help you make it clear what is allowed.

CHOOSE FROM A WIDE RANGE OF REGULATORY SIGNS for the indication or reinforcement of traffic laws, regulations or requirements. Help drivers know when rules apply and where they must be followed. Clear regulatory signage communicates what is considered a violation and what types of behavior are allowed in various places open to the public.

OREGON BICYCLE SIGNS

Eliminate the confusion for bicyclists by posting clear and consistent signage. Help cyclists know where to ride on the road, the right direction to ride, and what the safe distance is between riders and parked cars. Clear signage also notifies drivers of the potential for cyclists on the road or in the area.



Improve safety and enjoyment for cycling enthusiasts and motorists.

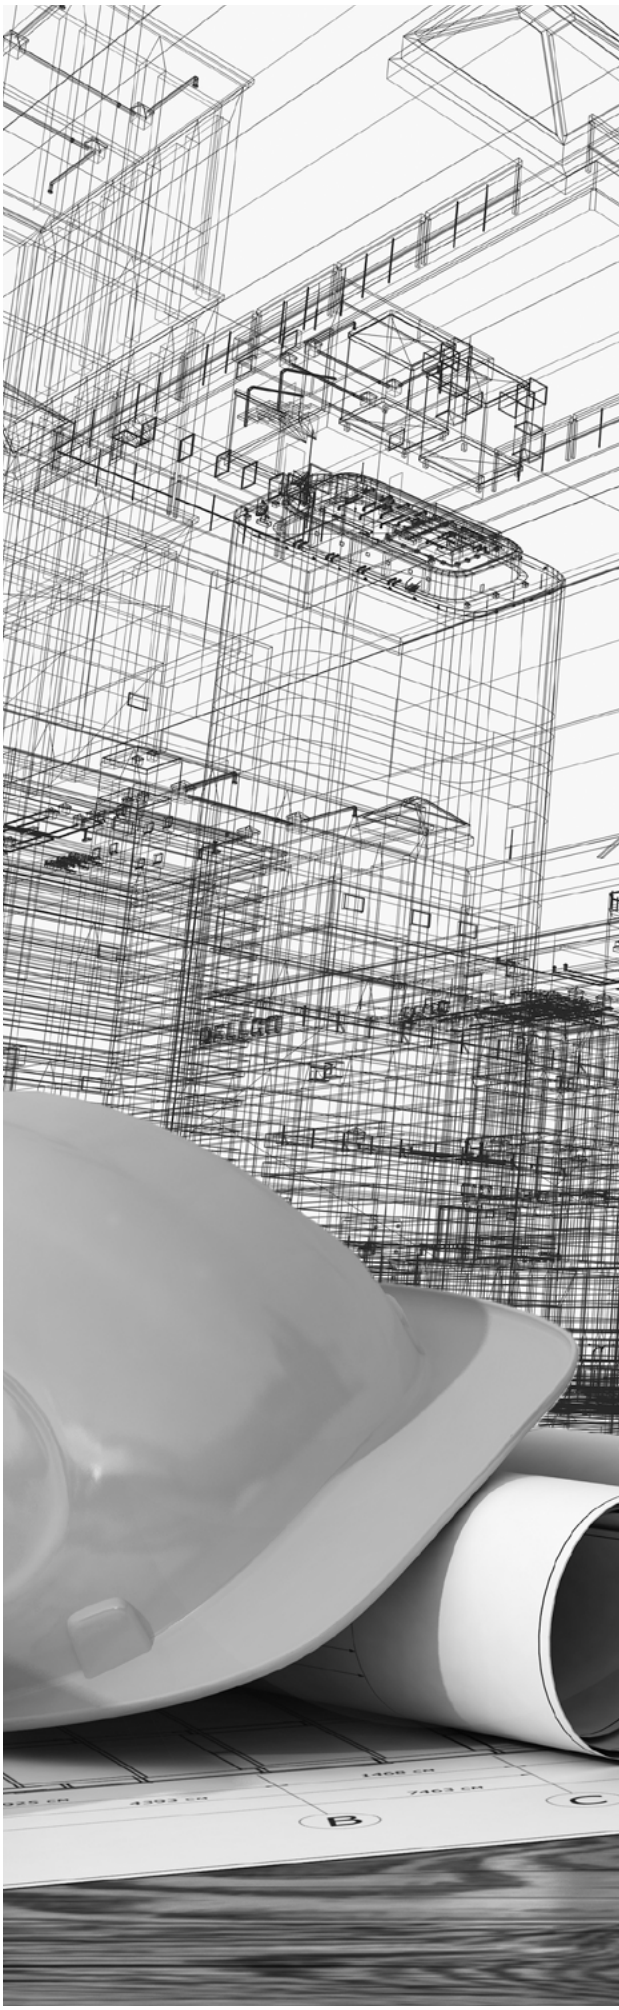
OREGON GUIDE SIGNS

It is a joy to experience nature, hike and climb the hillsides, and swim in the beautiful lakes. Clearly posted, visible signage helps the explorer in all of us know where we can enjoy what Oregon has to offer without damaging protected areas. They also help the less experienced visitors navigate their way back out safely after a day of recreation.

Signs you can see that do not ruin the scenery.

OREGON CONSTRUCTION SIGNS

Protect passersby, workers, and your company by posting mandatory signage in construction zones. From required protective gear to potentially hazardous conditions or materials, a construction sign acts as notification of adherence to standards and practices within the perimeters of a construction zone. Mark the domain of your site through clear illustrations, alerting those nearby your construction zone.



Making safety
a top priority in
construction zones.

OREGON WARNING SIGNS

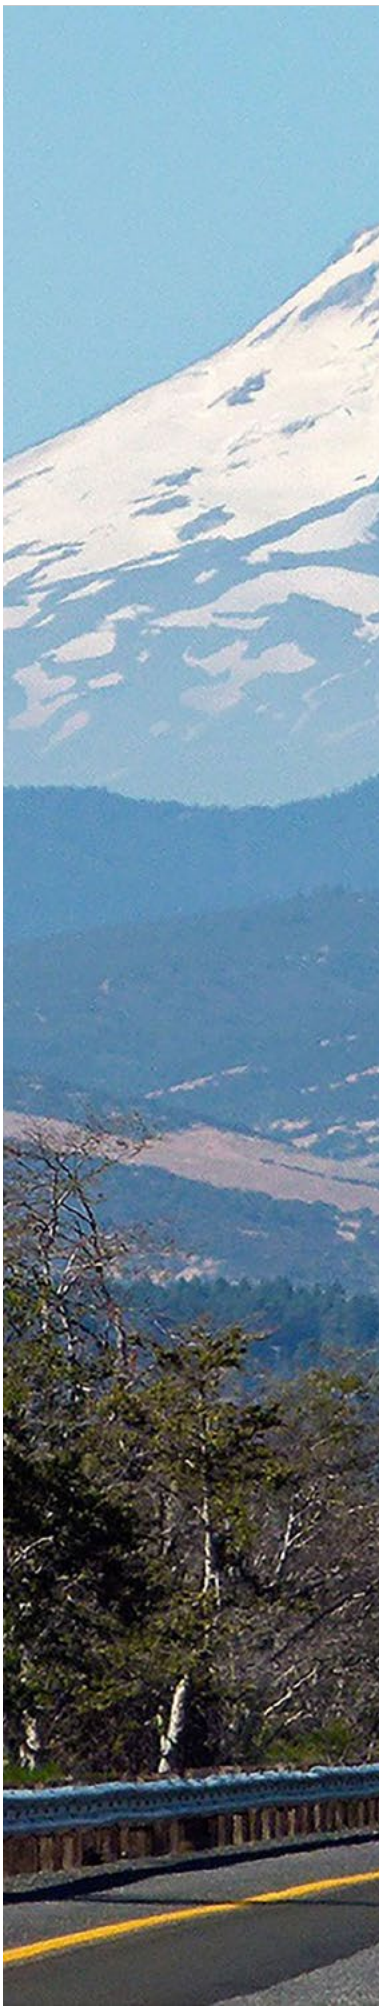
Safety first

Prepare drivers for upcoming road conditions with easy to see warning signs. Whether it is an extreme bend in the road, a place where animals tend to cross, low clearance, or the need for special equipment, these signs prepare drivers to safely navigate the road ahead.

Give motorists advance warning to prepare for road conditions.

OREGON REGULATORY SIGNS

Regulation signs communicate expectations and keep motorists, cyclists, and pedestrians safe. They help drivers find their way and give advanced notice that certain areas are tightly patrolled. Provide this information on durable, long-lasting, high-visibility signage.



Guide motorists to follow posted regulations.

OREGON SCHOOL SIGNS

Keeping kids safe

Regulations for school zones are extremely important in making sure Oregon children return home safely each day. School signs allow you to clearly post upcoming school zones, crosswalks, and common areas where kids play.

RECREATIONAL AND CULTURAL SIGNS

Enjoying without destroying

Oregon is a state where being one with nature is a way of life. Encourage the safe usage of our beautiful outdoor recreation areas with posted signage showing what is allowed and the amenities that are available.

Facilitate the enjoyment of nature while giving guidance to preserve it.

WARNING SIGNS

Caution, danger ahead

With distractions at an all time high, the posting of potentially dangerous situations equips drivers for what is to come. Whether it is a hairpin turn or first responders entering traffic, give motorists a heads-up to look up and see what lies ahead.

Prevent emergencies with informational warning signs.

FEDERAL REGULATORY SIGNS

For the highways and byways

These are the signs we see from the Pacific to the Atlantic, and OCE has the tools to create signage to the exact standards set by federal requirements. From color schemes to specific shapes, we make them all and make them right.

CUSTOM SIGNS

Create custom signage on your own or let us help give your ideas direction.

SET YOUR BUSINESS APART FROM THE PACK with custom signage.From shapes and sizes to fonts and materials, our designers and sign crafters have ample tools at their disposal to create that perfect custom sign that conveys your message the way you want it said.

CUSTOM SIGNS WE OFFER

ARTWORK

Artwork can be accepted via e-mail. The e-mailed file size should not exceed 10 megabytes. Artwork is archived for 2 years from the last date of use. Artwork can be submitted in the following formats (least to most ideal): .png, .jpg, .pdf, .cdr, .eps, Adobe Illustrator .psd.

LASER ENGRAVING

Clean, black and white artwork (600 dpi) is essential for proper laser engraving. We reserve the right to determine what constitutes laser-ready art. Photocopied or faxed artwork is not considered laser ready. Artwork can be submitted in the following formats (worst to best): .png, .jpg, .pdf, .cdr, .eps, Adobe Illustrator .psd. All fonts must be converted to curves or outlines. Color codes should be in RGB if possible.

DIGITAL PRINTING

To ensure print quality, please submit artwork in the best possible format. Artwork can be submitted in the following formats (least to most ideal): .png, .jpg, .pdf, .cdr, .eps, Adobe Illustrator .psd. To ensure print quality, please submit artwork in the best possible format, at a resolution of at least 300dpi.

We are not responsible for low-resolution or web resolution images submitted at less than 300 dpi.

Exact color match is not guaranteed. Due to variations in materials and inks, we strongly recommend ordering a sample prior to placing your order. To help with color matching, please send a color print sample with a lighting description – e.g. outdoors, fluorescent, daylight, tungsten, etc. Color codes are helpful if a sample is not available. CMYK works best.

PROOFS

Please check for spelling, wording, punctuation, and arrangement.

PRODUCTION TIME

Normal production time is 5-10 working days from order approval.

RUSH production is 3-4 working days.

RUSH charge is 50% additional, minimum RUSH charge is $25.

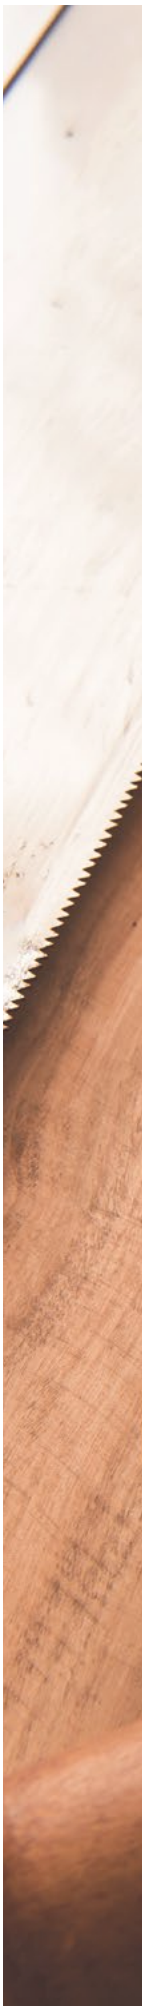
SHIPPING

Shipping is by UPS Ground. Next Day Air is available by request. All shipments are subject to dimensional weight.

Larger signs ship via ground carrier.

TRADEMARKS

It is assumed that our clients have the legal right to use any and all trademarks supplied to us for reproduction.



OCE provides professional signage design and construction.

AWARDS

Dedicated years of service to your organization deserves special recognition.

DEDICATION AND COMMITMENT to a program or organization deserve recognition. Tell someone they are appreciated by giving them something that speaks for itself when others see it. A token of the moment they were recognized can proudly be displayed for years to come at home or in the office and will remain a reminder of what is possible and what can be achieved.
