HOUSING

Affordable, safe, home.

Affordable Housing, ready for you to call home.

Family housing with style has never been more affordable! Our housing design is all about saving you money while providing you more space. Featured is the 16'x24' unit designed with the family in mind. With the ability to choose the siding to fit your style, this home is ready for your specific needs. Complete with a bedroom for parents and loft space for children, this home is cozy and spacious. You can also purchase furnishings to create a total package. Complete with ADA approved kitchenette and bathroom.

Siding options include: Cedar wood, cement board and plywood T-111 siding.

Finishes come in Cedar, Pine and Fir. Stain by request.

Options: Low height loft, ADA approved ramps, or stain option if needed.

We supply your prefabrication panels. Owner erects on site with forklift or boom truck.

Furnishings available, please request pricing list of available options.

Many optional accessories, ask for a detailed list of upgrades to customize your home.
