

PLUG & PLAY  
WITH  
**OCE CONTACT CENTERS**  
*Over 30 Years in Service!*

## Ready to Begin

Implement your business into a proven model while reducing costs, improving customer satisfaction, increasing both revenue and productivity. OCE's contact center model is already in place, allowing businesses to begin operation quickly and efficiently.

All Contact Centers Located throughout Oregon

6-Month Pilot Program Available

Ability to quickly ramp up

## Common Overseas Issues

With OCE, your customers will receive top quality service in a highly controlled environment. When outsourcing contact centers, problems are created that are difficult to manage:

Agents may lack the necessary cultural knowledge, fluency, and communication skills.

Your data is overseas and unprotected by FTC/FCC

Too many technical barriers

## Social Responsibility

OCE provides low-cost, high-value services helping to reduce the cost of government and healthcare through contact centers, printing, laundry services, and manufacturing. Operating these programs makes it possible to help as many adults in custody as possible gain work skills and be prepared for a successful release into the Oregon job market.

“The job skills will definitely help me gain employment when I am released. I have confidence now that **I can make it out in the free world** and be a productive member of society.”

Semi-independent State Agency

Support Adults in Custody through Re-Entry

Supporting the Oregon Accountability Model

## Reducing Environmental Impact

Going beyond the typical recycling of cardboard, batteries, plastic containers, and office paper, OCE constantly evaluates its programs to discover additional ways to operate in a more environmentally-friendly manner. With the reduction of harmful chemicals, the use of a water reclamation system and renewable resources, the recycling of scrap metal, and the reutilization of fall-off materials to benefit food banks and more, OCE is committed to being a part of the environmental preservation solution.
