OREGON CORRECTIONS ENTERPRISES

ESTABLISHED IN 1999 through the passage of Ballot Measure 68, Oregon Corrections Enterprises (OCE) is a semi-independent organization, whose administrator reports to the Director of the Oregon Department of Corrections (DOC). OCE plays an important role in carrying out Ballot Measure 17, the constitutional mandate to engage male and female inmates (further referred to as adults in custody) in meaningful work. By statute, OCE is funded solely through the sales of its products and services.

The mission of OCE, in partnership with the DOC, is to promote public safety by providing adults in custody (AICs) with meaningful work experience in a self-sustaining organization. Working with DOC, OCE seeks partnerships with other agencies and private organizations to provide work and training programs for AICs throughout Oregon that mirror real-world job experiences and provide transferrable work skills. OCE plays an important role in implementing DOC's Oregon Accountability Model and in developing positive work ethics.

WILDV

WOOD

CLEAN LINES AND INTELLIGENT DESIGN come together in our affordable Wildwood furniture line. Maximized work surfaces, high quality drawer guides, and adjustable shelves and leveler glides make this line the highly functional, long-lasting choice for your workspace. Reinforced construction and strong joinery allow Wildwood furniture to stand up to the rigors of year-after-year use in high traffic public use areas.

DESKS & ORGANIZERS

WILDWOOD DESKS AND ORGANIZERS

provide room to work and ample storage. Designed to go together seamlessly to create a productive workspace, these pieces have options for modern ergonomic equipment, variable storage, and convenient wire control to meet all of your work and storage needs. All OCE desks come standard with durable, long-lasting drawer guides, gang-locking mechanisms, and adjustable leveler glides.

CREDENZAS

WHEN YOU NEED MORE room to work and additional locking storage, look no further than Wildwood credenzas. These credenzas come standard with durable, long-lasting drawer guides, gang-locking mechanisms, and adjustable leveler glides. With options for modern ergonomic add-ons, variable storage, and convenient wire control, the Wildwood credenza makes a great addition to your office set or can stand alone as the primary workspace.

WIRE GROMMETS

When desktop wire control is a must, grommet holes are often the answer. Why have wires hanging over the back of your workspace, when you can cleanly run them straight through the top? OCE offers grommet hole placement with handy removable covers for wire guidance. Speak to an Inside Sales representative about the number and location of grommet holes when placing your order.

PURCHASING FROM OCE

OCE TAKES PRIDE IN every piece of furniture from conceptual drawing to complete assembly. OCE designers utilize the latest drafting software, enabling the highest levels of precision and repeatability. With OCE, you don't have to set aside a large portion of your budget for delivery and setup, either. OCE takes care of it as part of the job and won't drive up the cost to do it! As part of the work skills training programs, AIC crews deliver the items, unwrap them, set them up, and clear out the packing materials. This process could cost thousands of dollars, but with OCE, you can use your budget for furniture and not for fees. As OCE prepares products for large orders, completed items will be stored safely in a temperature-controlled warehouse until the customer is prepared to receive the delivery.

WILDWOOD FURNISHINGS

H-BASES Nimble and agile, the H-Base features an asymmetric leg profile that makes it ready for anything an educational or training environment can serve up. Designed for single-sided use, H-Bases maximize functional space for the user with their unique flip-top mechanism and flared legs. The offset leg posts also allow the tables to be nested compactly in storage.

T-BASES With modern styling and mobility, T-Bases provide you with countless options. Square, round, rectangular, and trapezoidal shapes can be accommodated to create innovative arrangements that are a snap to reconfigure. Drawn-steel uprights, substantial casters, and angled leg profile make T-Bases the sturdy and long-lasting table base choice for any work space.

72"L x 30"W: #301-218-99

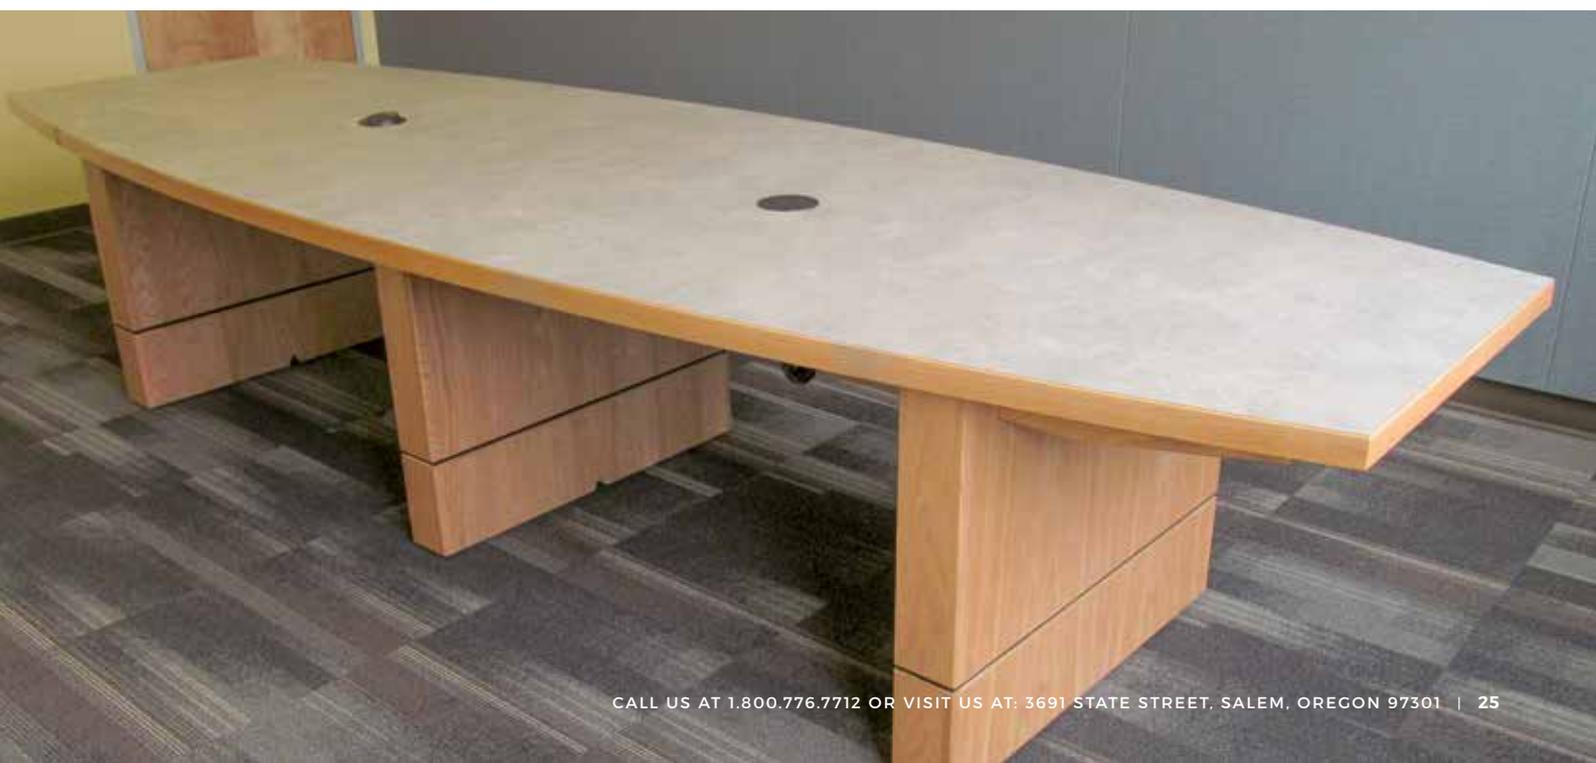

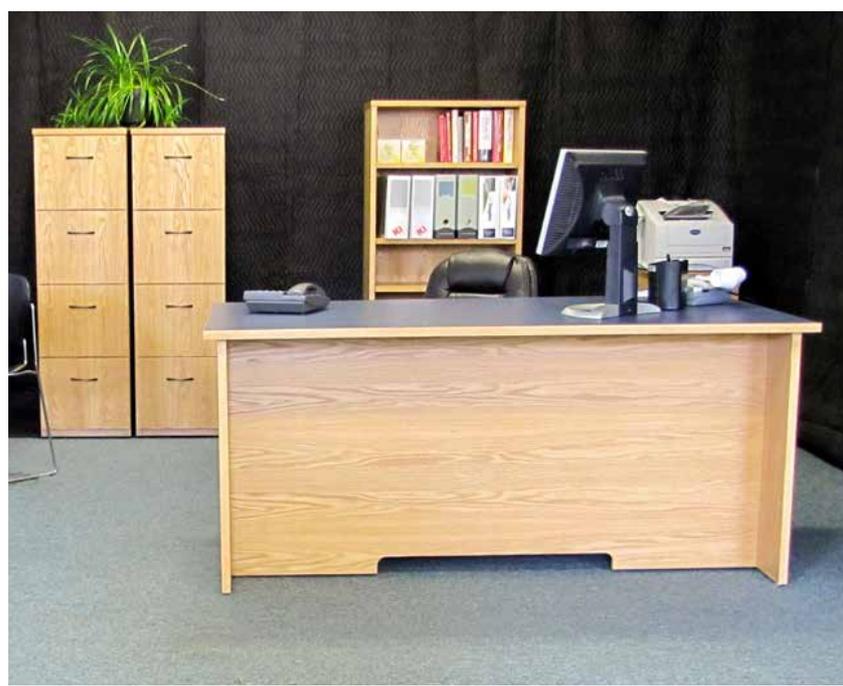

PIROUETTE TABLES have an innovative articulating leg that creates a leg-within-leg nesting solution unlike any other. As Pirouette's top is raised, the legs articulate. When in use, Pirouette's clean design profile sets it apart from standard nesting tables. Pirouette easily reconfigures and nests for simple storage and adaptability.

HEIGHT ADJUSTABLE TABLES. Make the transition from sitting to standing faster and easier with a variety of height adjusting systems. These tables allow freedom to move and can bring the entire team to their feet in meetings or collaborative environments. The low profile design keeps the underside of the table tidy, while maximizing space.
